## Employee News

*congratulations*

## Announcing New Company Co-Owners

Wurster Construction is proud of its legacy of 83 years. In preparation for the future, Al Wurster is pleased to announce that Wurster Construction is sharing an ownership stake in the company with Max Wurster, Project Manager and Registered Architect, and Jeremy Adkins, Director of Estimating. Congratulations to Max and Jeremy in receiving the assurance that they will be important to continuing the company's longevity for years to come.

## Wurster Construction Co-Team Players of the Quarter

### Curt Jackman

Curt takes ownership of his duties for the Harmony project, is well organized and is one of the best at following up countless times to keep the project needs front and center with subcontractors and with his team. Great attitude and caring person. Have lost some touch with what others are doing, but I have been extremely impressed with how much both Kyle and Curt take ownership of the project and truly care for a positive outcome for WCCI and all involved.

### Kyle Nelson

I nominate Kyle Nelson for his work at Harmony. He's quick-witted, high energy, on top of his game, and is always willing to stay over or work Saturdays to help this project move forward. This is a complex, messy project that has had a lot of turnover, and he has taken that immense responsibility and handled it well.

Kyle has been an asset, giving 150% of his time and energy to the Harmony project. Working 10-12 hour days, 6 days a week, keeping a professional and positive attitude with his teammates, subcontractors and consultants. Walks the job constantly as he works with the subcontractors to resolve issues and note deficiencies. A leader and one with Wurster "DNA".

### Outstanding Craftsperson

We are pleased to announce that our own Rodney Nelson was recognized at the Annual Coalition for Construction Safety Awards as Outstanding Craftsman of the Year.

Congratulations Rodney!

### Welcome Leslie Turpin

We are pleased to announce Leslie Turpin joined the Wurster Team on July 19 and is Project Engineer for Harmony. Leslie is a graduate of IUPUI and has been in the construction industry for four years in a variety of roles. She resides in Brownsburg.

### Welcome to Heidi Mullins

We also welcome Heidi Mullins, joining the Wurster Team on October 1. She will be a Project Engineer and joining the St. Christopher's PM team as her first assignment. Heidi comes from many years and roles in the real estate/facility management industry. She resides in Carmel, IN and is a mother of 2 daughters, Amanda and Sarah, and a grandmother to Benjamin.

## Wurster Company Picnic

A huge Thank You to Mark for once again organizing a fun-filled Company Picnic! All the kids - big ones and little ones - had a great time putt putting, laser tagging, go carting and eating.

## Birthdays & Anniversaries

### Happy 35th Anniversary Al

Al was honored at the company picnic for his 35 years with the company.

Thank you for being The example of working  
The Wurster Way.

Honesty - Integrity - Commitment  
You are appreciated and admired by your staff.  
Wishing you many more successful years!
